Th

EXT. HIGHWAY BETWEEN STATES- NIGHT

Tucker (41) is driving a down an interstate highway alone, no one else is on the road. going God knows where. he has his dog tag on the rear view and a revolver in the triangle of death, he was in the marines, swole af, listening to hit em up by Tu-Pac. A Jesus bobble head on his dash.

A white tesla with the license plate "no gas" speeds in front of Tucker, tuck scoffs at the tesla

TUCKER

Good luck finding a plug out here  
jag-off

Tesla is driving super slow in front of Tucker. tucker tries to swerve out of the way, where he swerved the tesla blocks him. Tucker slows down, the tesla slows down. his face is red now

Tesla is sitting in the middle of the road and isnt allowing tucker to get around the 2 lane road.

He looks down at his revolver, takes a deep breath and decides not to grab it.

on an exhale he counts...

TUCKER

10,9,8,7,6...

Tesla break checks him, last straw. He blacks out,  
audio flash back of war, breaths rapidly

SOLDEIR 1(V.O.)

WHY DIDNT YOU SHOOT?? THEY WERE  
STARRING AT US!

Screen goes black, almost fuzzy

His rapid furious breath is all that's audible

then 2 muffled shot accompanied by 2 bright flashes of light

SKKRRTTT, CRASH, METAL TUMBLES

CUT TO: SILENTS.

EXT. HIGHWAY BETWEEN STATES- NIGHT

TUCKER  
Fuck FUCK FUCK!!

Shot of tuckers gloved hand opening door, its audible, then the forest sounds zoom in the back ground.

Tucker leave the wreckage in the forest and goes to the road to see anyone that saw what happen, no one saw, the roads are pitch black.

He comes back to the body and there is a red neck man staring at the body

HARLEY  
thats a clean shot boy.how long you serve?

TUCKER  
Oh God please sir, this man was tormenting me on the road i was scared for my...

HARLEY  
ATTENTION!

Tucker does as instructed.

HARLEY  
at ease, where did you serve?

TUCKER  
Iran, Afghanistan, Nigeria, turkey, Korea SIR

HARLEY  
mhh

TUCKER  
How did you know i served, Sir

Harley points at bullet holes.

HARLEY  
Head and the heart. Only fellers that know to do that were trained to

Harley(48) walks around the scene

HARLEY  
what's your plan

Long beat

TUCKER  
Excuse me?

HARLEY  
you just killed a man between  
Nebraska and Mississippi at 3am.  
day light's in 3 hours. what's your  
plan

beat.

TUCKER  
i can burn it all. then no one will  
find it

HARLEY  
do you know how to hide smoke?

TUCKER  
No, how!?

HARLEY  
you don't

TUCKER  
OK so what the FUCK do I do!?!

Harley pulls out a loose cigarette. lights it, and takes a  
heavy drag

HARLEY  
2 options. 1, you talk to me like  
that again and your on your own.

Another pull

HARLEY  
2. We bury the body deep, real  
deep.

Tucker waits

TUCKER  
I have a shovel in my truck

TUCKER  
but what about the car?

HARLEY  
Nice aint it?

TUCKER  
NO, What? NOO! What are we gonna do  
with it?? It cant just stay here!

HARLEY  
Oh, i gotta guy.

TUCKER  
And WHAT THE FU.. What does this  
guy do exactly, sir.

BEAT

HARLEY  
My buddie got a scrap yard 2 blocks  
away. We take it before the third  
crow and we'll be alright

TUCKER  
third what?

HARLEY  
Crow, of a rooster. They crow 3  
times. Once at 4:15, second at  
5:00, and last at first sun about  
6:46.

HARLEY  
The police do their rounds of the  
highway between 6:40-6:50 am,  
before they change shifts

TUCKER  
So if we aren't done here by  
roughly 6:30...

HARLEY  
Then YOU are in the slammer for 40  
to life.

TUCKER  
that's 4 hours from now

HARLEY  
you better get started

EXT. HIGHWAY BETWEEN STATES - LATER

40 minutes have passed, tuckers leeway is comical. Harley is  
trolling his thumbs

TUCKER  
So, did you grow up here?

HARLEY

Yep, my great Grand-daddy used to farm these lands.

TUCKER

What did he farm?

HARLEY

Corn, tobacco, sugar, and he had a lot of

Looks at corpse

HARLEY

Livestock

Beat

TUCKER

Why are you helping me?

HARLEY

no foreplay?

TUCKER

We are doing this together, we should at least know about each other

HARLEY

I can't stand em, they think their so smart and conscious, taking up so much space

TUCKER

Right? All the best parking spots are taken, I miss when i could go to a gas station and its just us regular people there.

HARLEY

Is this your first

TUCKER

My first?

HARLEY

Kill, since you've left the service

TUCKER

Why do you want to know?

HARLEY

What did you say earlier? we're in  
this together' something or other

reluctantly

TUCKER (V.O.)

Flash backs of the moment while he's talking  
I was walking down the street with  
my girl and some degenerate bumped  
into her and grabbed her ass

shovels dirt

TUCKER (CONT'D)

I couldn't have that. So i beat him  
up, a spit away from death. They  
got me off him before i could.

shovels dirt

HARLEY

They didn't detain you?

TUCKER

no, it was while i was on an  
assignment for a little so they  
just discharged me.

HARLEY

Did he die?

TUCKER

Didnt stick around to find out,  
when i left he was choking on his  
own blood

HARLEY

What are you doing here then?  
Shouldnt you be serving a life  
sentence? Did you have any kind of  
punichments?

TUCKER

The military is funny like that  
that, as an on duty military man in  
a foregin county you can dp  
anything. The worst theyll do is  
discharge you

HARLEY  
OH, dishonorably right?

TUCKER  
No, regular military discharge.

HARLEY  
No shit!

TUCKER  
God bless America

Harley drives shovle into ground,

MATCH CUT TO:

He throws the dirt over his shoulder, he is deeper in the hole, we can tell bc his head went down in the shot.

Tucker is still digging. exhausted abs sweating like a dog  
First crow

TUCKER  
is this deep enough?

HARLEY  
it depends, why are you diggin this hole?

TUCKER  
...am i... what are, huh?

HARLEY  
why are you digging boy?

TUCKER  
to hide a body sir

He half whospers

HARLEY  
so you don't want no one to find it?

Tucker is fed up, just wants to be done

TUCKER  
no

HARLEY  
Then deeper, and much faster, the night is turning fun

TUCKER  
Your help would make this way  
easier

HARLEY  
I can help

TUCKER  
Great, i have another shovel in my  
trunk, its not as its not as big  
as this one but it'll-

HARLEY  
ill help, but i got church in the  
morning and i done took my bath  
already.

TUCKER  
...ok so how are you gonna-

Harley turns and makes his way back home

HARLEY  
Ill be back

TUCKER (WHISPERS)  
Hes just gonna leave me-... fuck me

INT. FOREST ON SIDE OF THE ROAD- MOMENTS LATER

Tucker is digging and feels the ground vibrate under him.

Speeding through the trees,hurling towards him is a  
medium/small bobcat digger. It comes to a screeching halt  
right before him

TUCKER  
you had this the whole time?

HARLEY  
Yup, was a gift

TUCKER  
i was digging for 2 hours straight  
and you never thought we'd need  
this.

HARLEY  
Looked like you were having fun.  
(second crow)

TUCKER  
Come on we dont have much time,

HARLEY

GET OUT OF THE WAY SO I CAN DIG.

Tucker moves and plops to the ground, Harley starts to dig, makes more leeway in 10 minutes then Tucker could've in 5 hours.

EXT. FOREST ON SIDE OF THE ROAD - MOMENTS LATER

Harley is done digging, the hole is deep. He hops out the bobcat.

HARLEY  
She looks good

TUCKER  
She'll look better closed up. Lets  
put'em in there.

Harley and tucker go to the body. Before picking it up  
Tucker puts on rubber gloves.

They go down together to pickup and toss the corpse.

They stand over it in the hole.

TUCKER  
I'm sorry that it this happened.  
You didn't deserve this... no one  
does

Beat

TUCKER (CONTD)  
anything you want to say?

HARLEY  
Naw, i don't really (feel) bad

TUCKER  
how can you not? This guy was  
murdered

HARLEY  
Yea, by you

TUCKER

Whats the difference, he was a person

HARLEY

Barely

TUCKER

Huh?

HARLEY

The less the better in my book

TUCKER

Tesla drivers?

HARLEY

Niggers

TUCKER

woOAHH, youre a racist?

HARLEY

NO. Im what they call a *race purist*  
. Im ok with the coloreds living  
their lives, being not around us.  
Aint no reason we be mixed up.

HARLEY

Did you know when one of them  
families come into a white  
neighborhood, just one! Crime goes  
up my 75%. Their children introduce  
our children to drugs. They started  
the opioid epidemic.  
We shoud never be together

TUCKER

But they didnt choose to be here,  
they were brought by slavery

HARLEY

And that was the worst idea known  
to man. We couldve done the work  
ourselves, built this great country  
with our own hands not the hands  
some lazy, needy, ungrateful bums.

TUCKER

so you only helped me Because i  
killed a person of color?

HARLEY

No, you're also a vet. You live to protect and serve our great 50 states. This right here, this killin, you were going above and beyond beyond the call of duty. on assisting in the fight to keep our country... pure

Tucker keeping a calm face, no emotions. dead eyes. Harley is looking over the hole with the dead guy in it.

HARLEY

if there is anything i can do for our troops i like to do it-

A silenced gun pierces Harley head as he plummets into the hole with the boy

TUCKER

fucking bigot.

Tucker hops in the bobcat, turns it on and starts coving the hole.

EXT. ON THE WAY TO THE SCRAP YARD- SUNRISE

Tucker is towing the Tesla to the scrap yard in silence.

He's in the car but we get flash backs to his frist kill

'The guy bumped into him, not his girl

Guy was obviously drunk but apologized.'

present day: Tucker standing as the scrap guy is talking to him, he's sipping coffee gazing elsewhere.

flash back 'Tucker sent his girl home. Tucker waits outside for the future victim to leave. He walks out drunk and makes his way into an ally to pee, tucker, a few paces behind'

In the silence he hears the third crow, shakes hands with the scrap yard owner, walks out the gate, simultaneously a cop car drives by.

'While guy is peeing Tucker performs a choke hold, strong enough to hear a crack, victim goes limp, drops to floor.'

he waves at the cop with a friendly smile.

He takes a head tilting gulp of coffee, so far back you can see the bottom on the paper coffee cup.

He drops the cup a little, close up on his cold eyes

HARD CUT TO: BLACK
